-----------------	----------------	----

---

For all our printing we use only the highest quality fiber based silver gelatin paper, hand processed, selenium toned for D-max and archivally washed. Prints are flattened, spotted and bagged. Prints larger than 20x24 will be bagged and rolled unless otherwise noted. A 1/4 hr nominal spotting is included, however negative defects or extensive spotting will be charged at \$50 an hour.

Further discounts are available for shows, projects and edition printing. Please feel free to inquire. Additional services or special requests will be estimated by time and material. i.e. special boarders, sepia toning, trimming prints, as examples.

\*Print set info\* If a guide print is not provided, we will make the best print in our experienced judgement. Any information an artist provides will be taken into account and will help produce a print closest to the artists intent.

If the artist would like to be present during the printing to have more control in the process, and see each iteration there is a day rate billed by time and materials used, over the paper allotted.

\$100 min order and a 50% deposit is required to begin a job, with payment in full upon completion. Our normal turn around time is approximately two weeks, depending on scheduling and job size.
